

**Natural drying with fresh air. For perfectly dry dishes**

The 3000 AirDry Dishwasher maximises drying using natural airflow. The door automatically opens 10 cm in the final stage of the cycle, drying dishes naturally and effectively. Dishes dry 3x better than closed-door systems.

**Product Benefits & Features**

**Open the door to dry dishes**

AirDry delivers up to 3x better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.

**Customisable space and convenient cleaning with MaxiFlex**

The MaxiFlex drawer is engineered to accommodate cutlery and utensils of many sizes, whether large or awkwardly shaped. Flexible dividers and maximised depth mean each load is customisable. Essentially every item is seamlessly loaded and cleaned in one go.

**Water reaches every corner. With the Dual Spray Arms**

Ensure maximum water coverage with two spray arms. The rotating sprinklers send water jets into every corner of both the lower and upper basket, for dishwashing results you can rely on.

**Fast and efficient performance**

This dishwasher gives you perfect performance - fast, thanks to its special half-hour program.

**Rinse off your dishes when the dishwasher is not yet full**

When your dishwasher is only half full, you may want to wait before you run a full cycle. The Rinse & Hold program quickly rinses partial loads of dirty dishes, minimising unpleasant smells and keeping bacteria at bay.

- Capacity: 10 Place Settings
- Multi-tab
- Delay Start
- Height Adjustable Upper Basket

Product Specification

Series	5000	Lower Spray Arm Type	Standard
Energy Rating	E	Inlet Pipe Type	Standard hot
Number of Place Settings	10	Anti-flood Device Type	Floating switch
