Pre-heat quicker. With Fast Heat Up

Make more of your time with the Fast Heat Up setting, pre-heating the oven 40% quicker than conventional models. Enjoy minimal waiting before beginning a bake, for great results on your schedule.

Intuitive oven cooking. With the EXCite Touch Display

The EXCite Touch Display provides access to a wide variety of oven functions to suit every dish. It also makes it easy to adjust oven temperature and timings. And gives you direct feedback, and highlights the most important information.

Cooked evenly everywhere

With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called SurroundCook, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be reduced by up to 20%, saving you both time and energy
